

## Tracy Airport Safety Meeting

Tracy Airport is a busy non towered facility just east of the S.F. Bay Area. There is an adjacent aerobatic practice area, extensive flight training, an active general aviation community, and occasional balloon operations. Nearby neighborhoods are noise sensitive. Our seminar will focus on each of these activities with a goal of improving safety. A lunch will be served at this meeting.

**Directions:** Follow S. Tracy Blvd to the entrance of Tracy Airport. SkyView Aviation is the primary airport facility with a hangar and adjacent office. Vehicle parking is available in front of SkyView and aircraft may park on the reamp.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
